

Season`s Greetings from Etere

We would like to thank our valued friends, partners, and customers for a fantastic year together and wish everyone a Merry Christmas and Happy New Year!

(Happy holidays etere)

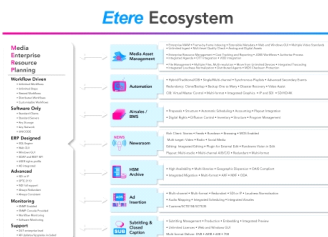

Etere owes much of its success to the wonderful support of our treasured customers, friends, and partners. We hope that everyone will continue to support us in the years to come. In this coming year, we will be celebrating our anniversary of 30 long years in the business, and are excited to share in that with all of you.

In the spirit of giving, we at Etere have decided to donate to the **Jurong Health Fund**. This charity is a government mandated body that serves to aid those who are in need of financial assistance and who require healthcare services, as well as supports research for improving healthcare standards in Singapore.

(Etere 30)

Etere has been present in the broadcast and IT industry for years, and has since broken barriers and improved our services to give our clients the best in industry solutions. As the world's first provider of software only broadcast solutions, Etere continues to optimise our solutions to provide groundbreaking streamlined solutions to everyday issues in the broadcast and IT industry. Find out more about how our award winning integrated software solution, the **Etere Ecosystem** can help your company. A full end to end solution that encompasses the full range of activities for a broadcast company, the fully integrated architecture ensure that your files will not only be secure, but also streamlines daily processes when all aspects of your business are intricately interlinked.
